REMARKS

This application is a Divisional Application of U.S. Patent Application No. 09/804,293, filed March 13, 2001. Claims 1-9 have been canceled and claims 10-19 have been added by the foregoing Amendment. Claim 10 of this application corresponds to claim 16 of non-elected group II of the parent application. Claims 11-15 of this application, which are dependent from claim 10, correspond to claims 11-15 of the parent application respectively. Claims 16-19 of this application correspond to claims 17-20 of the parent application respectively. In other words, claims 10 and 16-19 of this application correspond to claims 16-20 of non-elected group II of the parent application, and claims 11-15 are dependent from claim 1 that has features of claim 16 of the parent application.

Additionally, the amendment to the specification filed on March 13, 2003 in connection with the parent application has been incorporated into the specification of this application. No new matter has been entered.

Entry of the foregoing amendment prior to examination is respectfully requested. An early and favorable action on the merits is respectfully requested. Should there be any questions regarding the Application, the Examiner is invited to contact the undersigned representative at the local telephone number below.

Dated: October 3, 2003
